

management of cold at  
the service **OF YOUR needs**

for over 70 years we've  
**DESIGNED** and **BUILT** the best  
**SOLUTIONS** of the management  
of cold

since always, passion  
**OVER THE STANDARD**

not only manufacturer but non solo costruttori ma  
**TRUE PARTNER** of our customer

every day we answer with certainty to every  
requirement with **PURPOSE MADE SOLUTIONS**,  
structured, compact or with those yet to be  
invented!

The background of the entire page is a photograph of industrial machinery, likely a refrigeration system, with various pipes, valves, and electrical components. The image is heavily filtered with an orange color, creating a warm, industrial aesthetic. The machinery is out of focus, with the foreground elements being more prominent than the background.

we combine **ARTISAN TOUCH**,  
intrinsic part of our **Dna**, with  
the use of the most modern  
**TECHNOLOGY**

this is what distinguishes us and how we have managed to consolidate our role in industrial refrigeration field, becoming the **REFERENCE PARTNER**, amongst the most authoritative in the market

with this **ATTITUDE**, we built up  
a true **WORKING MODEL**

which has always led us our values with  
enthusiasm as well as our approach to design and  
production

because **WHAT WE DO HAS VALUE**

## RELIABILITY

- ✓ **EXPERIENCE**
- ✓ **SPECIALIZATION**

a very high technical level,  
consolidated over years of  
history dedicated to this  
sector

## CO-DESIGN

- ✓ **PROBLEM SOLVING**
- ✓ **CO-PARTNERSHIP**

in collaboration with our clients,  
for answering their requirements  
throughout all phases; from the  
choice of product, to design and  
start-up

## INNOVATION

- ✓ **TECNOLOGY**
- ✓ **CREATIVITY**

the most modern  
technology to the service of  
our experience, has helped  
us to create and sell  
numerous patents

## QUALITY

- ✓ **CERTIFIED PROCESSES**
- ✓ **SUPPORT**

the choice of the best components  
and suppliers, checks during the  
manufacturing process and testing  
of all the units produced for  
maximum reliability of the product

## SPEED

- ✓ **FLEXIBILITY**

before, during and after, in  
order to guarantee certain  
and speedy results

since 3 generation, we are  
**INNOVATIVE BY TRADITION**

making of us a highly specialized reality, from dynamic and creative inventiveness, basing our technical-professional competence on solid family roots

**1920**  
our great-grandfather  
**Remo Bettini**  
start the business

**1920**  
production of  
electrical heaters

**1940**  
**PRODUCTION AND  
DISTRIBUTION**  
refrigeratin furniture  
for shops  
**FOOD**

**1950**  
first **OPEN TYPE  
REFRIGERATING  
COMPRESSORS**  
**PRODUCTION AND  
DISTRIBUTION** of  
domestic fridges  
**FOOD**

*Coca-Cola* **1966**  
**SALE OF PATENT**  
for automatic vending machine  
**FOOD**

**1965**  
first **VENDING MACHINE**  
**FOOD**

**1955**  
our grandfather  
**Franco Bettini**  
enter the activity

**1955 BOSCH**  
**SALE OF A PATENT**  
mechanical seal for open  
type compresor

**1968**  
first **HVAC** for laboratory  
application  
**PHYSICAL TETING Italcementi**  
at high temperature accuracy  
**TESTING e MEASUREMENT**

**1989**  
**Mauro e Paolo Bettini**  
Take over the activity  
with Refrind

**1970**  
first **AC unit** fo crane  
application  
**IRON AND STEEL INDUSTRY  
CEMENT INDUSTRY**

**1990**  
first **CHILLER**  
for laser source  
**MACHINE TOOLS  
MEDICAL**

**1999**  
first **CLIMATIC CHAMBER**  
for laboratory application  
**CEMENT INDUSTRY  
TESTING e MEASUREMENT**

**2000**  
first **AC UNIT** for  
hazardous area (ATEX)  
**PETROCHEMICAL**

**TODAY** an industrial reality which offers una realtà the experience team of a **HIGHLY SPECIALIZED** team

2016

**100 %**  
the **increase** in turnover during last 7 years

**150+**  
**CUSTOMIZZAZIONI** eseguite in un anno

**42+**  
the existing **PRODUCT SERIES** in our catalog

**36+**  
i **NUOVI PRODOTTI** sviluppati negli ultimi 3 anni

**350+**  
average **HOURS TO DEVELOP** a new product

**8+**  
number of engineers in our **TECHNICAL DEPT.**

**6**  
the number of company **DEPARTMENTS**

**10+**  
number of sectors we're **SPECIALIZED** in

**40+**  
**RESOURCES**, of professional and technical operators

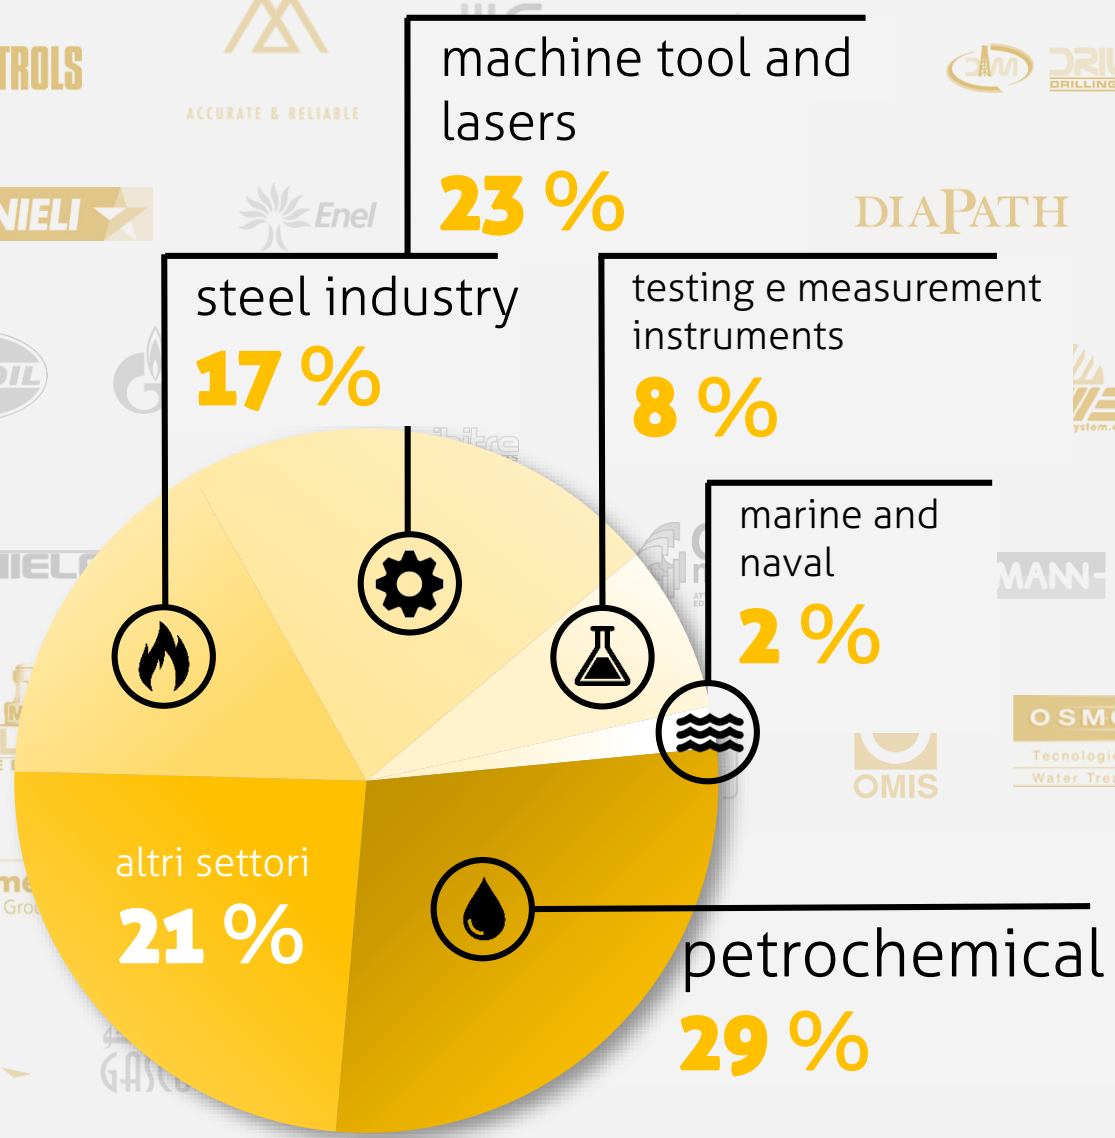

**29 %**  
turnover in **PETROCHEMICAL** sector

**45+**  
years of experience in **IRON AND STEEL** industry

**30 %**  
direct **OVERSEAS** turnover

we gather the specific requirements of **EVERY SECTOR** because we deal with the **TECHNOLOGY OF COLD 360°**

our long years' experience, has seen us **SPECIALISING OURSELVES IN VARIOUS AREAS** of competence, working successfully with leader companies in their sectors

# ANSWER TO THE MARKET with specific formulae

## AIR CONDITIONING

the added value to performance and reliability for heavy duty applications

- > extreme climate and aggressive agents
- > high dust concentration
- > high vibration and mechanical stress
- > user's comfort
- > easy maintenance

**application sectors:** siderurgico, energia, automazione industriale e robotica, marino e navale, petrolchimico, industria del cemento, controllo di processo

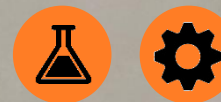

## FLUID REFRIGERATORS

configuration and options for addressing the most varied requirements

- > various capacity levels
- > high thermostatic stability
- > compact dimensions
- > various hydraulic solutions
- > compatibility with particular fluids

**application sectors:** machine tools, laser sources, laboratory and testing, printing industry, hydraulics, process control, petrochemical

## CLIMATIC CHAMBERS

accurate controlling and measuring for the management of temperature and humidity

- > high accuracy
- > different volume capacity
- > customization of integration of measuring instrumentation (presses, dinamometers)

**applications sectors:** testing, cement industry, rubber and plastic industry, electronic engineering, automotive, chemical

### CONNECT TO OUR WEB SITE

[www.refrind.it](http://www.refrind.it)

**meet market requirements**  
with custom solutions

### **SPECIAL APPLICATIONS**

we support our clients with solutions ranging from simple customization to purely special projects

refrigeration has a vast range of applications which we have worked on, with passion and years of experience; **TODAY WE DEDICATE 30% OF OUR TURNOVER** to the **CREATION OF INNOVATIVE SOLUTIONS** capable of satisfying all the most varied technical/applicative requirements

**FIELDS OF APPLICATION:** process management, medical and aesthetics, cement industry, printing, industrial automation and robotics, marine and naval, petro-chemical, steel, medical and aesthetics, vending and food, energy

**WE SUPPLY SOLUTIONS** making complex choices easy

**CONSULTANCY SERVICE**  
technical department

**WE SUPPORT OUR CUSTOMERS** to the correct technology and product selection, directly following each phase of the project up to the start-up

- > rationalizing the structure
- > optimizing plants
- > dressing the product according to the application needs

**SPECIAL APPLICATION SERVICE**  
R&D department

**WE ANSWER** to the requirements and applicative needs of the sectors with the highest technological commitment progettando e **DESIGNING AND MANUFACTURING BESPOKE SOLUTION**

- > developing the most efficient solutions
- > checking and testing the prototype
- > engineering the production process

**AFTERSALE SERVICE**  
customer's service dept.

**WE GUARANTEE** constant availability of **spares AND TECHNICAL ASSISTANCE**, thanks to the implementation of a coordination department and highly specialized technicians capable of interventions in **ITALY AND ABROAD**

- > gathering feedback
- > improving the product
- > assuring spare parts in the time

**CONTACT THE AFTERSALE SERVICE**

**INCLUDE VALUE** in  
what we do

**RESEARCH AND SELECTION**  
components and semi-finished

we use the **BEST COMPONENTS**, meticulously selecting suppliers and semi finished products

in order to guarantee products of maximum quality and standard throughout all their variables

**RESEARCH AND SELECTION**  
materiali riciclabili

we rigorously choose refrigeration fluids and raw materials which are **EASILY RECYCLED**

in order to guarantee reliable returns even with regard to protection of the environment and of strategic choices for the future

**QUALITY CONTROL**  
certificato dal 1999

in line with international legislation, we are **CERTIFIED UNI EN ISO 9001/2000**, systems which require verification and testing on each operational procedure

in order to solidly guarantee, and not only on paper, the affective quality of the result e on all production lines

**REFRIND**

## **TOMORROW** a reference global partner

lavoriamo costantemente operando scelte strategiche volti al miglioramento continuo in termini di competitività e specializzazione

### **RESERVING**

our passion for special and custom applications

### **DEEPENING**

our ability, specializing in those sector in which we are already expert

### **CONSOLIDATING**

la nostra tecnologia e know how applicata a nuovi mercati

### **OPTIMIZING**

our processes to increase our production capacity and quality

### **PERFECTING**

the products on catalogue to improve their performance

### **INVESTING**

in resources and technology into italian and foreign markets

he who climbs highest,  
sees further, he who  
sees furthest, dreams a  
longer dream
